Elopement Packages

STEPS FOR ELOPEMENT

1. Apply for a marriage license at a registry agent office

Both you and your partner need to be present with a piece of ID

If either of you is divorced you will need proof of the divorce

You won't need any documents if you are widowed

2. Choose whether to have a religious or civil ceremony

Religious Ceremony: performed by a religious clergy person who is registered with Vital Statistics

Civil Ceremony: performed by a marriage commissioner appointed by the Alberta Government

3. Find an officiant who will perform your ceremony. <https://www.alberta.ca/lookup/find-someone-to-perform-your-marriage-ceremony.aspx>. Wanting someone close to you to marry you instead? They can apply to be a temporary marriage commissioner

4. Choose 2 adult witnesses

Not planning on bringing anyone else to your elopement? We can arrange witnesses.
